

LIYA LABORATORY TESTING EQUIPMENT INC.

"Wherever There is Testing"

Liya Test Equipment is one of Turkey's leading manufacturers and suppliers in the field of material testing systems. Founded in 2011, our company continues its operations with over 10 years of industry experience, a team of more than 50 experts, and a 4,500 m² modern production facility located in Ankara Kahramankazan Industrial Zone.

Our products, designed with strong engineering expertise, serve as reliable partners for laboratories in various fields such as concrete, cement, aggregate, asphalt, soil, rock, and mining test systems. As of today, we export our products to more than 95 countries worldwide.

Quality, Reliability, Technology:

Liya Test operates under the ISO 9001:2008 quality management system throughout its production processes and manufactures all devices in compliance with international test standards such as EN, ASTM, and ISO. Committed to maximizing customer satisfaction, our company adopts a 100% customer-oriented service approach, offering pre-sales consultancy, fast technical service, spare parts supply, and installation support.

With a vision of continuous improvement, Liya closely follows technological developments in the sector and, through its own R&D department, develops increasingly innovative and reliable products each day.

Your Global Solution Partner:

Today, Liya Test has become the preferred brand of reputable laboratories, government institutions, and more than 15 universities in Turkey. At the same time, with its active sales and distributor network across Europe, the Middle East, Africa, South Asia, and the Americas, it provides services on a global scale.

By being present wherever our customers need us, we continue to be a trusted solution partner with tailor-made devices and system designs for their projects.

Our Vision:

To become the leading brand in Turkey's testing equipment sector with domestic production power, engineering expertise, and customer-focused service, and to establish ourselves as a permanent and reliable player in the global market.
